### FOR IMMEDIATE RELEASE

#### **RE: Andrew Vigil, Las Vegas - And a New Partnership with Northern New Mexico Gas Company**

**Las Vegas, NM** - Northern New Mexico Gas Company, a propane sales, installation and delivery company, is proud to announce the opening of their new Las Vegas office and the arrival of a new district manager.

Andrew Vigil of Las Vegas, a propane industry veteran with more than two decades of experience, has decided to join the Northern New Mexico Gas Company team and run the Las Vegas service areas.

Vigil, who recently left his post as State of New Mexico LP Gas Inspector, grew up in Santa Fe and has lived in the Las Vegas area for over 20 years.

“When considering the opportunity to get back into the field, I wanted to be a part of a company with a strong reputation, great employees and room to grow,” says Vigil.

“Northern New Mexico Gas Company seemed to really fit, and I view this as a great opportunity to offer the people in and around Las Vegas a local option for reliable propane delivery and superior services,” said Vigil.

Northern New Mexico Gas Company has a long history in Northeastern New Mexico. The company, which was established nearly 70 years ago as an area butane provider, is perhaps most widely known for its careful consideration of customer needs and its staff of licensed propane technicians.

“Our goal in opening the Las Vegas office is to be the area’s leading propane provider. Job one will always be to take care of the customer and be available when they need us,” says Vigil.
